## Medical Scenarios

**CEUs:** 0.2 PS CEUs

### **Description:**

Join us for a virtual professional development opportunity. Medical terminology and information comes up in so many settings that are not a doctor's office or hospital. In this workshop we will offer a variety of "medical" scenarios for you to interpret in the privacy of your home and then watch our presenters (who are Deaf) give their own interpretations. You will have the opportunity to analyze your work and check for clarity and accuracy. Hope you will join us for this interactive virtual workshop. (Interpreting services will not be provided.)
